

Bringing our farm to your door.....albeit at a distance

### A New Outreach Project Launches in North Bucks.

Unfortunately, due to the lockdown we have had to put our plans to start a Countrymen Club at the farm on hold. But in the meantime, the team at Animal Antiks based at Manor Farm, North Marston are taking some positive steps to support men and their family carers while lockdown is forcing their isolation at home and affecting their physical and mental wellbeing.

Thanks to some funding from the national charity, Countrymen UK, we are developing an outreach project to connect with these men and their family carers. The support is free of charge and the men and carers can choose how much or how little support they require. The support we can offer ranges from delivering free countryside-based activity packages to keep everyone busy to sharing countryside news via regular newsletters.

Essentially, bringing our farm to you....albeit at a distance.

This is for you if .....

- You are a man who enjoys the countryside and outdoors or you care for someone who does
- You'd like some activities to pass the time
- You are feeling the effects of lockdown and would appreciate some support

If you are interested or have someone in mind who would appreciate this support, please do contact Emma Dearn at [info@animalantiks.co.uk](mailto:info@animalantiks.co.uk), call the farm office on 01296 670996 or visit the website at [www.animalantiks.co.uk](http://www.animalantiks.co.uk)
